FABRICS

Conventional Fabric

Oxford fabric with sublimated print, 10cm margin overlock finish for wall or **Montafácil®** structure fixation.

Vestefácil® Fabric

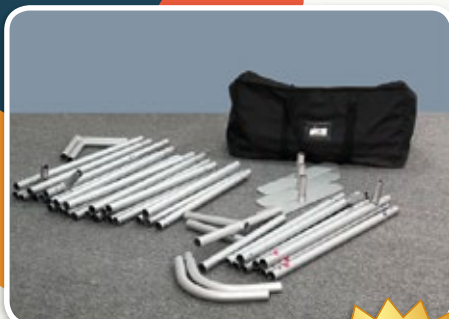

Sublimated Oxford fabric, printed on one or both sides, tailored for application to **Montafácil®** structures.

PANELS

Structure Montafácil®

Montafácil® panels are lightweight, and easy to assemble. Can be carried in hand bags. Does not require the use of cargo vehicles, and can be assembled by anyone without relying on experts and not even the use of tools..

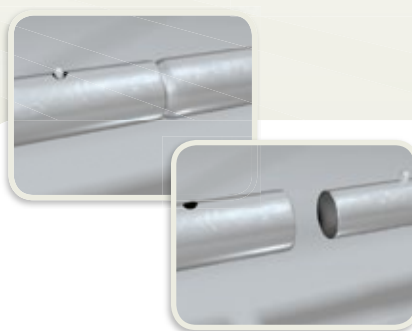

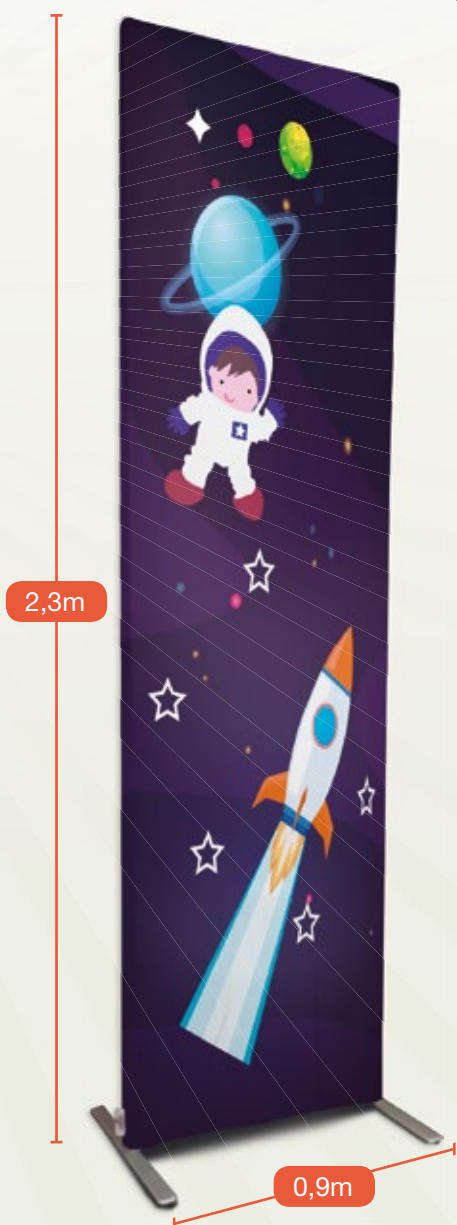

The Montafácil® Line was developed to bring ease and productivity for your parties!

PANELS

Mini-Structure Montafácil®

The Montafácil® Line was developed to bring ease and productivity for your parties!

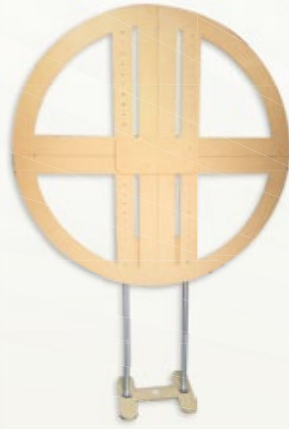

The anodized aluminum frame is armed from the connection of their numbered pieces, fixed through the practical system of click button fittings

PANELS

Round Structure VIC (Professional)

1,3m

1,5m

1,8m

2,0m

The VIC ROUND STRUCTURE is part of the Montafácil® line. With the aluminum base this structure was designed to be portable, meeting the needs of professional decorators.

- Height adjustment.
- Unique design for weight reduction.
- Fully portable

In addition to the difference in disc shape, the base of the VIC® panels is aluminum while the economical structure is wood.

This ensures greater strength and durability for those who work in the party market.

PANELS

Round Structure Pizza (Economic)

Combo 1

1,3m

+

1,8m

Combo 2

1,5m

+

2,0m

The Round Structure Pizza comes in a combo 2-in-1. With a MDF disks and pine wood base, it's part of our **economic products line**.

- Height adjustment.
- Unique design for weight reduction.
- Fully portable
- 2-in-1 Combo (2 disks/1 base)
